Serving Systems & Fabrication

Creating a custom serving system design is a time-consuming, collaborative process. Fortunately, Vollrath has the experience and expertise to guide you through every step of it.

6-SERIES

Fully customizable with extensive material options, 6-Series systems are designed, engineered, and manufactured to meet your specific requirements.

4-SERIES

4-Series modular designs have several sizes, shapes and material options but are not fully customizable. Signature Server has the components to fit your business's needs.

2-SERIES

The 2-series system is designed for the budget-conscious organization. Choose with confidence a 2-Series hot, cold or utility station that will deliver the functionality you need.

Food Preparation Equipment

Before it ever hits a plate, every meal begins with equal parts planning, passion, and prowess. Food preparation equipment from Vollrath will help you capitalize on all three. Food prep equipment can streamline your kitchen to make you more efficient and focused on the task at hand.

How To Shop

Manual Food Processors

Save significant labor costs slicing, dicing, and wedging by using a food processor instead of cutting by hand. Our food processors also increase food yield and allow for more consistent cuts.

PAGES 9-13

Grinders

Vollrath grinders feature stainless steel construction and come standard with a sausage stuffer and feed stick.

PAGE 13

Can Openers

Get the cleanest, most hygienic cut ever with our EaziClean®, Premium™, and CanMaster™ can openers.

PAGE 14

Mixers

Designed for heavy use, our durable mixers come standard with a stainless steel mixing bowl, dough hook, wire whisk, and flat beater.

PAGE 15

Slicers

Our performance and durability is what slices us apart from the competition. They're available in three blade sizes and feature nonstick coating.

PAGE 16

Vacuum Packing

Extend the shelf life of food and cut down on waste due to spoilage with a vacuum sealer. Vacuum sealing quickly marinates meats and when paired with the Sous Vide immersion circulator becomes the total package.

PAGE 17

Manual Food Processors

- Achieve significant labor savings when compared to cutting by hand
- Higher food quality – no browning or bruising
- Allows for consistent product with every cut
- Increased food yield

MANUAL FOOD PROCESSORS

- Vegetable slicers/dicers/wedgers
- Lettuce choppers/shredders
- Tomato slicers
- Cheese slicers and cubers
- Seafood cutters
- Potato cutters/scoopers
- Grill accessories

Tested to help save you time

BREEZE THROUGH PREP WORK

In an independent study, our Insta Cut® 5.1 manual food processor cut a tomato into a quarter-inch dice up to 74% faster than a chef using only a knife. When dicing onions, the InstaCut was up to 66% faster. Over the course of a year, the InstaCut was shown to have the potential to pay for itself with labor savings alone.

Insta Cut® 5.1

- Dice onions up to nine times faster and tomatoes nearly six times faster than traditional knife work
- Pop-in, pop-out thermoset blade
- Serrated blades require up to 50% less force than straight blades
- NEW captive fasteners will not get lost in food

Conveyor Toasters

- Radiant heating promotes uniform results and energy efficiency
- Most models have energy-efficient, fast-reacting quartz heaters
- Standby mode saves up to 75 percent energy during slow periods when unit is not in use and allows unit to quickly return to full power
- Variable speed control to achieve desired color
- Maintenance-free drive system; stainless steel drive chain does not require lubrication

Traditional Warmers & Rethermalizers

- Industry's most complete lineup of warmers and rethermalizers
- Warmers keep hot food hot
- Rethermalizers take prepared food from chilled to hot

Vollrath's Direct Contact Heating System is available on select items. No vents means energy savings. The heating element is in direct contact with the water and Vollrath's exclusive thermoset fiber-reinforced resin well, so little heat is lost and there is no need for vents.

How To Shop

HEAT UP YOUR CONVENIENCE STORE BUSINESS WITH AN \$11.8 BILLION FOODSERVICE OPPORTUNITY.

The average American now eats at restaurants only 74 times a year – the lowest number in more than 30 years. Yet Americans aren't cooking at home more. Instead, they're eating more prepared and packaged foods.¹ That's why foodservice has become the hottest trend in convenience stores.

Display Cases & Cabinets

From self-service to drop-in, well-merchandised food sells better. Give your foods the attention they deserve while keeping them at the right temperature with our display cases and cabinets. Deli cases feature digitally controlled thermostats and fans to ensure even temperature control.

PAGES 49-50

Acrylic Display Cases

Tempt your customers with fresh pastries and more using our durable and versatile acrylic and cubic countertop display cases.

PAGES 51-53

Soup Warming & Merchandising

Make selling soup easier with built-in merchandising signs. They're a great way to free up counter space, so you have room to feature more food options.

Pizza Pans

THREE FINISHES:

Natural Finish

- Superior strength—resists denting and warping

Clear Coat Finish

- Seals a naturally porous surface with an anodized film that will not flake or chip
- Hardened surface is abrasion resistant

Hard Coat Finish

- The ultimate hardened surface for maximum abrasion resistance
- Dark finish essential for infrared (IR) oven use

Press Cut Pizza Pans

- High-quality 14-gauge (1.5 mm) 3000 series aluminum
- Press cut pans available in four types: Solid, Perforated, Extra Perforated, Fully Perforated
- Press cut pans available in three finishes: Natural, Clear Coat, Hard Coat

Prepare and Serve Allergen-Free Foods

Designate those smallwares that are to be used for preparing and serving allergen-free meals. The purple color provides quick identification for employees and customers.

DID YOU KNOW?

- 15 million Americans have food allergies.
- Every 3 minutes, a food allergy reaction results in a trip to the emergency room.
- Even trace amounts of a food allergen can cause a reaction.

Delivering proper nutrition and controlling your food costs demand accurate, repeatable portion sizing. But, how do you ensure that your kitchen staff and servers are using the proper-size utensil? Vollrath simplifies portion control with a complete system of serving utensils, color coded for quick and easy size selection. If your menu calls for 2 ounces of vegetables, tell your staff to use the blue Spoodle®. Serving 4 ounces of stuffing? Use a grey disher. It's that simple. No more searching through a drawer of look-alike utensils trying to read the capacity stamps.

Mini Serving Vessels

- Vollrath mini serving vessels provide a fun, whimsical presentation of individual servings, appetizers, sides, and desserts
- An elegant way to control portion sizes
- Enhances plated entrées
- Keeps long buffet lines moving by providing a pre-portioned, “grab and go” serving size for customers
- More sanitary than other buffet setups, as customers touch only their vessel

Vollrath Lemon Drop Design

Signature Full-Size Rack Sizing Template

- **DETERMINING RACK HEIGHT:** Place the base of glass or mug piece on bottom edge of this page. Or remove page and stand it on edge on a flat surface next to your glass or mug. Then select rack type with appropriate number of risers by referring to the crossbar immediately above your glassware piece on the chart.
- **DETERMINING NUMBER OF COMPARTMENTS:** Place an inverted glass on the diagram. Looking directly downward on the glass, make sure the greatest diameter of the glass or mug is within the appropriate square. When measuring cups or mugs, be sure to allow for extension of handles. All Vollrath compartment racks have dividers of equal dimension top and bottom to protect glassware during the vigorous wash cycle.

How To Shop

All dispensers are made with US and foreign material

Lid & Cup Dispensers

Eliminate waste and reduce the potential for germs to spread with LidSaver® dispensers. These simple-to-use designs keep counters free of lid stacks and cups.

PAGES 223-227

Countertop Dispensers

Our versatile self-serve dispensers are ideal for condiment packets, flatware, and more.

PAGES 228-231

Flush-Mount Dispensers & Organizers

Flush-mount dispensers and organizers are easy to install and mount flush into the face of your counter. They're ideal for self-serve areas to accommodate condiments, lids, straws, flatware, and more.

PAGES 232-233

Straw Dispensers

Reduce waste and save money with a dispensing mechanism that delivers just one straw at a time

PAGE 234

Napkin Dispensers

Choose from in-counter, countertop, and tabletop models in a variety of colors and designs.

Food Delivery Bags

A long day of delivery needs long-term thinking. We construct these bags with high-performance insulation to maintain temperature, quality, and comfort. So everyone walks away happy.

PAGE 241

EPP Food Carriers

Even the environment needs delivery to be at its best. So we designed a food carrier with best-in-class insulation that's as ergonomic and recyclable as it is lightweight and durable.

PAGE 243

Flatbed Utility Dollies

Our flatbed utility dollies offer an easier and safer solution to transport EPP carriers, delivery bags, pizza dough boxes and more. These units are made of impact-resistant plastic and can move up to 350 pounds.

Delivery Bags

- **1-Series** – Our entry level line. Features durable construction and reinforced stitching as well as a moisture-resistant outer shell material.
- **3-Series** – The baseline of warmth ingenuity. The hot food generates heat in the bag while the high-performance insulation helps retain the heat, keeping food as warm as it is delicious.
- **5-Series** – Featuring heat pad. The next step in our heating bag line features a heat pad that preheats the bag. Place your hot food into the preheated bag, unplug the heat pad and go. Or use the optional 12V in-car power cord to continually heat the bag during transport.

- PVC window for branding, receipts, etc.
- Strong plastic handles for easy lifting
- Reflective ribbing

Pizza Bags, 3- and 5-Series

- Locking clips keep load secure
- Hanging loop for drying
- Extra handle on bottom for stabilization when unloading
