68 INCH CONVEYOR PIZZA OVENS (MODELS JPO14, JPO18)

DESCRIPTION

Vollrath's easy-to-use Conveyor Pizza Ovens bake fresh dough and par-baked pizza, flat breads, and garlic or cheese bread. They offer flexibility and convenience for operations that offer pizza in addition to other menu items. Top and bottom heat control and adjustable conveyor speed allow operators to dial in ideal settings for different types of crust and toppings.

These ovens are intended to bake one pizza at a time. They are not suited for pizzerias that require continuous-use, high-capacity baking. They are not intended to cook raw food or toppings, frozen or deep dish pizza.
