SERVUE™

TOUCHLESS REFRIGERATED SLIDE-IN

- Touchless proximity sensors dispense pre-determined portions, eliminating need for serving utensils and increasing speed of service
- Adjustable portion controls put you in charge of serving sizes and allow for easy tracking of number of servings, product inventory, and usage
- Enclosed refrigerated design maintains safe temperatures and protects ingredients from contamination, keeping food fresher longer
- High-capacity food canisters keep ingredients separate, helping maintain the integrity of the food and reducing risks of cross-contamination, which makes it easier to accommodate dietary restrictions or food allergies
- UL and NSF certified
