IN-COUNTER INSTALLATION INSTRUCTION TEMPLATE

Face Dimensions: 6.86" (H) x 6.48" (W) 17.5 cm (H) x 16.5 cm (W)
Housing Extension from Counter Face: 2.01" (H) 5.1 cm
From Counter Face to Counter Interior: 23" (L) 58.4 cm
Tube Dimensions: 6.090"(H) x 5.250"(W) 15.5 cm(H) x 13.3 cm (W)

Please read bottom clearance requirements below.

NOTE: Distortion in width and height will occur during reproduction. To be safe please PLEASE MEASURE FIRST.

Please read this Important note regarding clearance. When Lidsavers are mounted above a lateral surface (such as a shelf extending straight out from the counter face) they need to be mounted so that the bottom of the housing is .75"/19.05mm above this surface. The bottom of the hole cut-out should be 1.25"/31.75mm above this surface. This is necessary to allow sufficient clearance for the housing to be removed when necessary.
